Subject: commendation

I want to let you know of a wonderful service performed for me by a DC Taxi driver this afternoon. I was hurrying to a meeting and, when the taxi encountered heavy traffic, I decided to walk and then take the Metro. After I got out of the taxi, I was horrified to find that I had left my calendar in the cab. This is a calendar that I keep in the traditional way, with a pen and paper, and I have no backup. It was a disaster. I walked for about a block and the taxi pulled up and brought me the calendar. He averted a personal catastrophe and I am very grateful.

The driver is Genene Gebretsadik. The cab is # 1248, PVIN # C905, and Tag # H-86630. If you keep a file and/or can recognize Mr. Gebretsadik in some way, please do. This was truly a good deed.
